Remote Control

The remote control is a very useful device for remotely operating the alarm panels, it with 4buttons: arm, disarm, panic and Stay(At House or Partial Arm).

Specification

Model	RS-02
Working Voltage	12VDC
Battery Life	About 1 year (counted at 3 times each day)
Wireless Frequency	433.92 MHZ
Transmission Range	60 ~ 100m
Working Current (mA)	8-20
Static Current(uA)	3
Coded IC	Learning Code

CE FC RoHS COMPLIANT
