

# Face Recognition Fingerprint Reader With Access Control

## KEY FEATURES

- ▶ Color 7.1CM (2.8) TFT LCD
- ▶ Face capacity: 3000
- ▶ User Capacity: 5000
- ▶ Fingerprint/Card/Password
- ▶ 600 DPI High Resolution Optical Sensor
- ▶ Support Access Control
- ▶ Communication TCP/IP

SPECIFICATION	S-FB4K-3K
Camera	High - Definition Dual Camera
Infrared lamps	2 Ultra bright lamp
Fingerprint reader	600DPI High Resolution Optical Sensor
Card function	Proximity Card
Display	Color 7.1CM (2.8) TFT LCD
Touch key	16 keys
Human body induction	Yes
LED lamp	Red & Green (Dual Color)
Input port	Wiegand 26/34 (can be external card reader module)
Professional access control	Yes
Communication	TCP/IP, RS485
U disk port	Yes (notice: only support FAT32 file system)
Voice output	Yes
Operating system	LINUX VER3.6.5
Face Capacity	3,000
Fingerprint/Card/Password Capacity	5,000
User record & Management	3,00,000
Access Control	Access control function and access / time zone management, Anti - submarien / duress alarm function
Attendance function	Attendance (on/off duty, overtime) time zone
Ring function	Yes
Power management	Sleep function
U disk upload / download	Yes
Registration	Information & record
Dynamic IP allocation	Yes
Algorithm version	Face v2.0
FAR/FRR	0.01% / 1%
Matching speed	< 1 sec.
Intelligent updating function	Yes
Face identification mode	Support 1:N or 1:1
Working Temperature	-10°C ~ 60°C
Working Humidity	20% ~ 80%
