

IP OUTDOOR STATION

KEY FEATURES

- Suitable for single house or building network system
- Call, intercom, monitor, unlock functions
- Weather-proof & Vandal-proof design
- Infrared LED light compensation
- 2 way communication

SPECIFICATION	S-IP70
Image sensor	CMOS
H. Resolution	1MP
Minimum Illumination	F1.2, 0.8Lux
S/N Rate	>48dB
Video System	PAL / NTSC
Connection	RJ45 (POE)
Installation	Surface Mount
Defense level	IP33
Input voltage	DC18V (Adaptor Optional)
Standby Current	≤25mA
Working current	≤150mA
Working Humidity	40% ~ 95%
Working temperature	- 30° C ~ 55° C
