

Wifi 2MP Bullet IR CAMERA

Motion Detection

Night Vision

Support TF Card

WiFi Remote Control

Cloud Storage

- Video files occupy small space.
- Support thousands of people watch inline simultaneously.
- Infrared night vision,real viewing.
- Support TF card storage and cloud storage function.
- Support AP mode and Routing mode connection.
- High intelligent innovation and upgrading.

SPECIFICATION	SIP-2HD-DIRG
Lens resolution	2.0MP
Camera resolution	1920×1080
Lens	3.6mm, Angle:80°
Day/Night conversion mode	IR-cut , double filter automatic switching
Minimum Illumination	0.02Lux@(F2.0,AGC ON), 0.Lux with IR
Video compression	H.380
Video frame rate	25FPS/SEC
Video compression bit-stream	HD (1080P) SD (VGA)
Audio compression	AOPCM
Audio compression bit-stream	Adaptive
Communication interface	AP mode and routing connections
Wireless network protocol	Wi-Fi(IEEE802.11b)
Storage function	TF Card (Max 128GB)
IR distance	Up to 30m
Power consumption	3W (MAX)
Rated power	DC 12V 1.5A
Working temperature	-10°C-50°C, < 95% (no condensation)
