Let Windows manage my default printer
When turned on, the default printer is the last used printer.
On
Download over metered connections
To help prevent extra charges, keep this off so device software (drivers, info, and apps) for new devices won't download while you're on metered Internet connections.
Off

Windows Hello setup

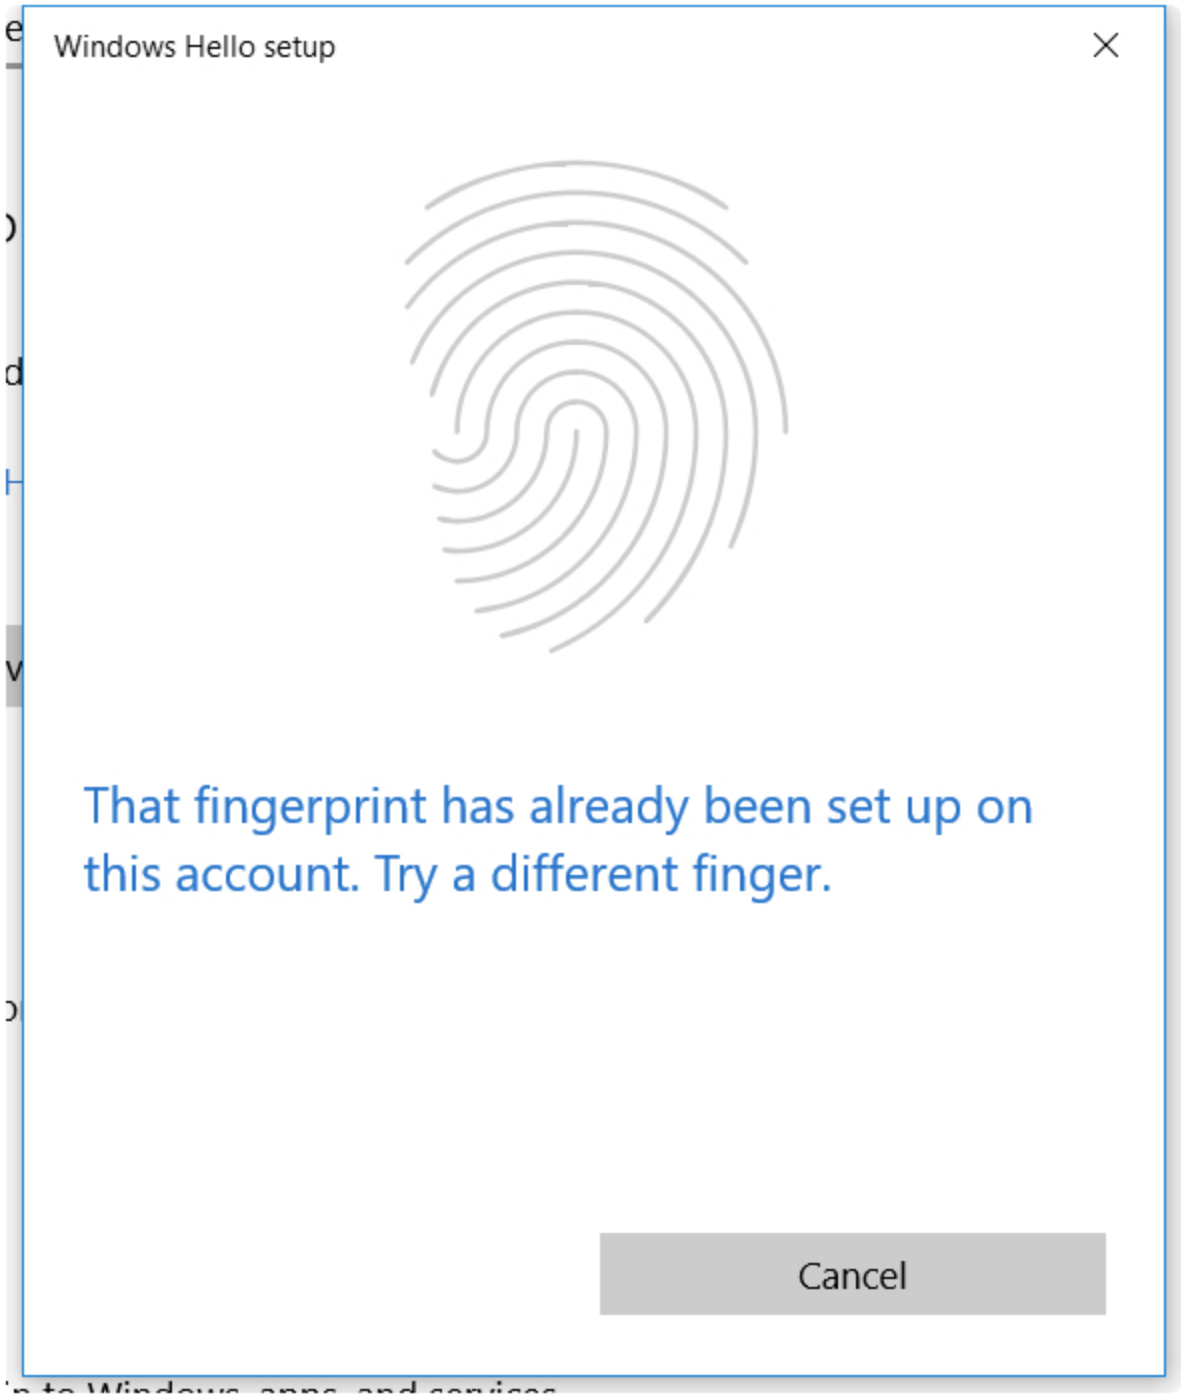
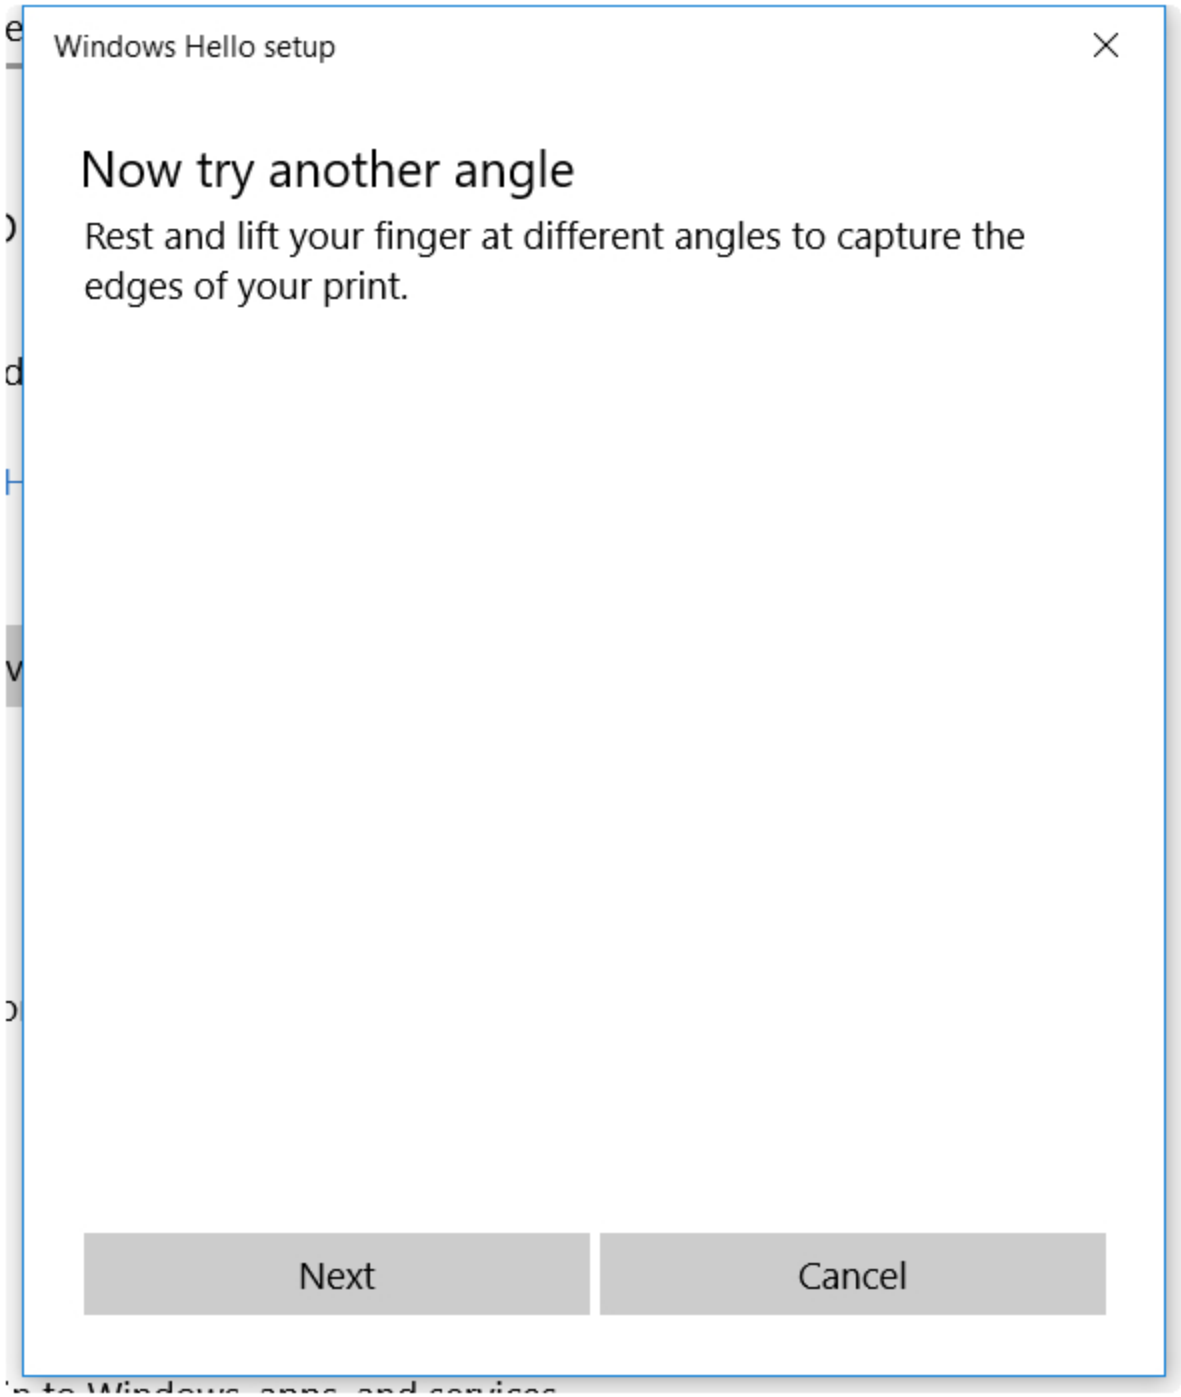
Touch the fingerprint sensor

Repeatedly lift and rest your finger on the sensor until setup is complete.

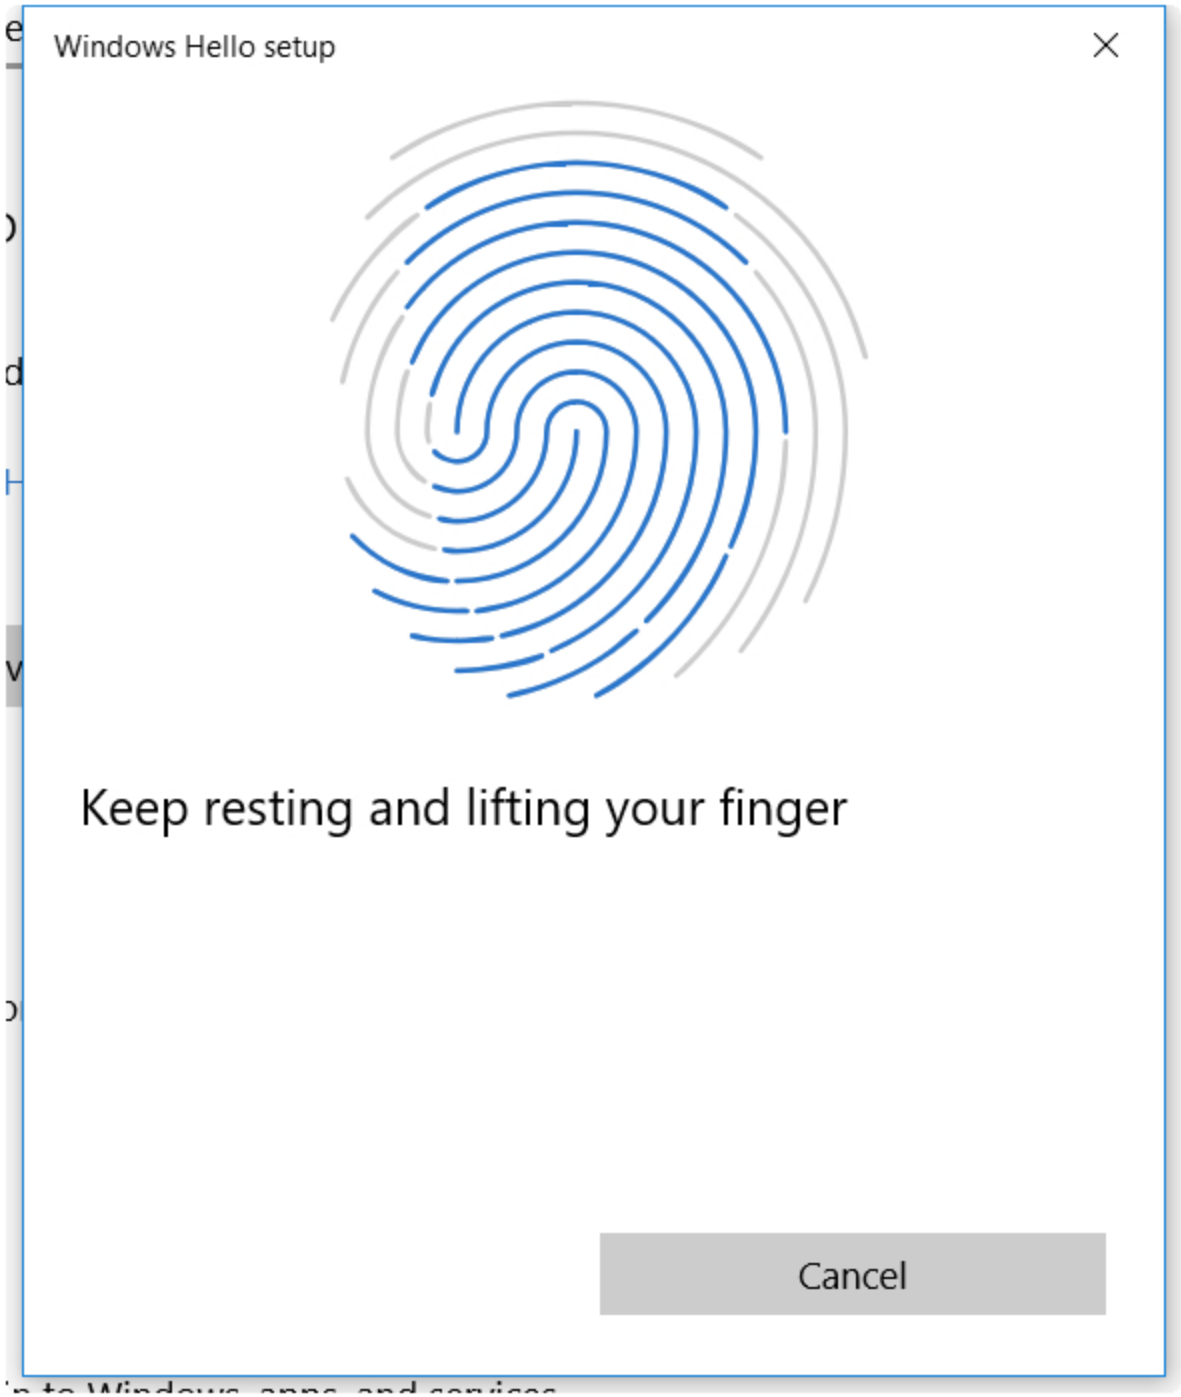
Cancel



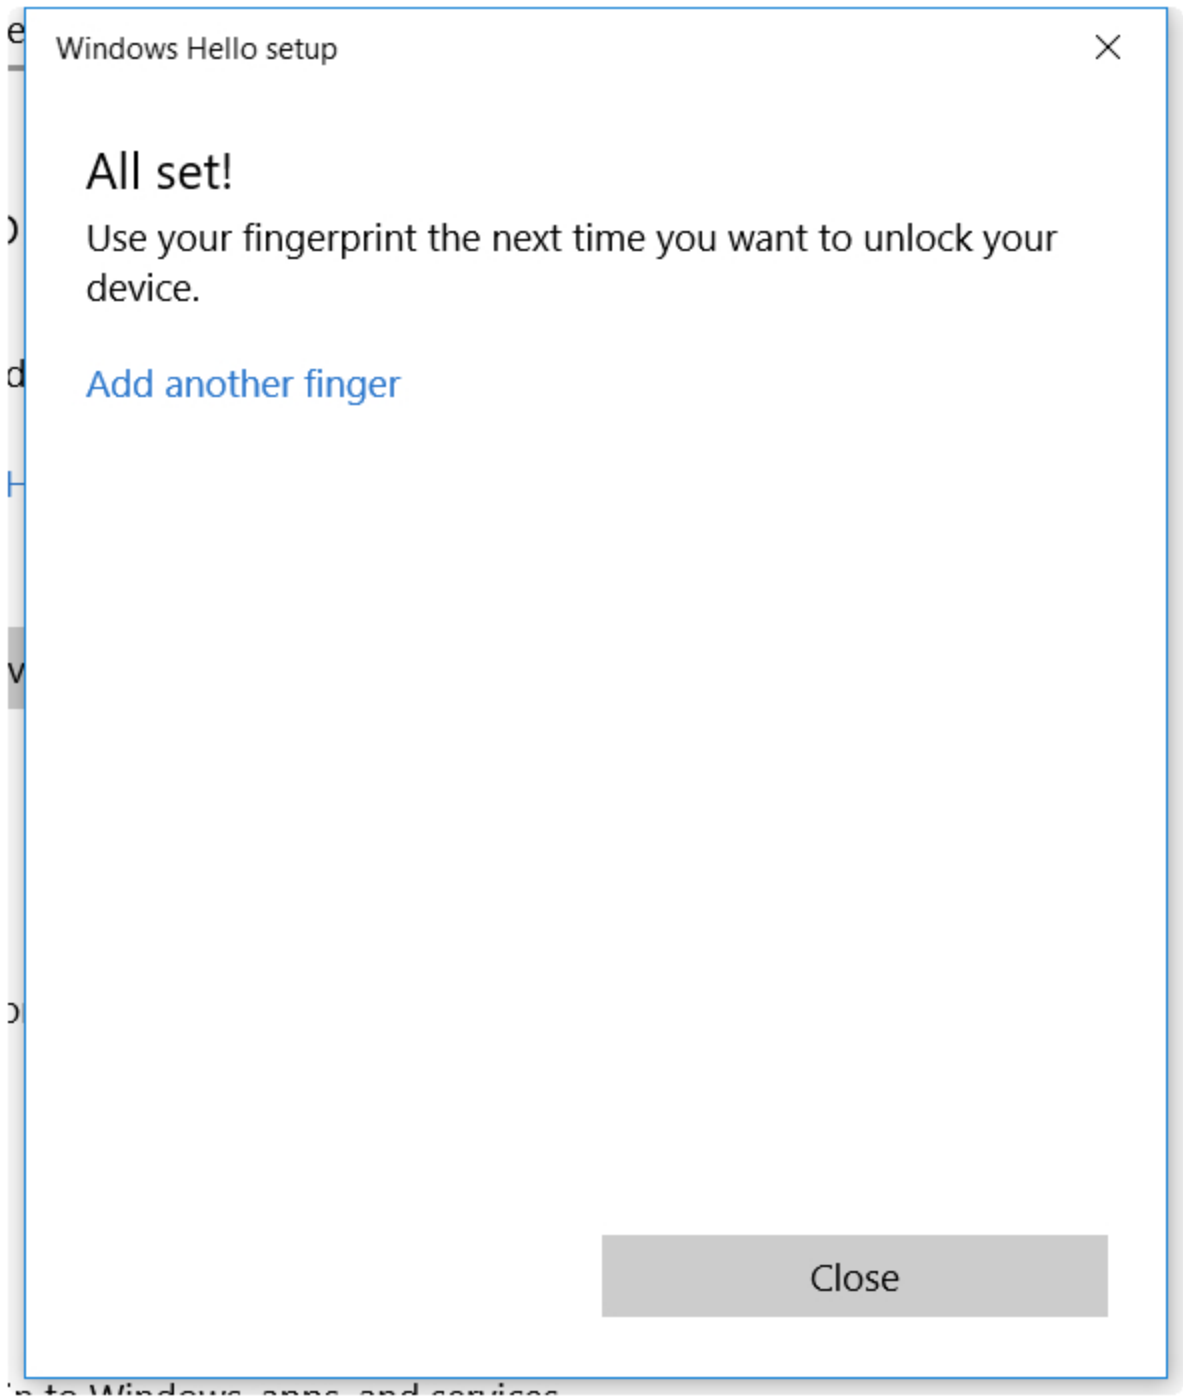
Windows Hello setup
That fingerprint has already been set up on this account. Try a different finger.
Cancel



Windows Hello setup
Now try another angle
Rest and lift your finger at different angles to capture the edges of your print.
Next
Cancel



Windows Hello setup
Keep resting and lifting your finger
Cancel



Windows Hello setup
All set!
Use your fingerprint the next time you want to unlock your device.
Add another finger
